# Learn How an HMO Plan Works

Choose a doctor, access care, use your Member ID card, and more

## *How to choose your doctor*

When you enroll in the Health Net HMO plan:

1. Choose a participating physician group (PPG) from our network in select areas across California.
2. Choose a primary care physician (PCP) from within that group.
3. Each member of your family can choose their own PCP and/or PPG to suit their needs.

You may change your PCP within your PPG as often as once a month. To change your PCP and/or PPG, call Health Net Member Services at 800-654-9821.

## Find a Provider

With Find a Provider, you can find the most up to date listings of doctors, hospitals, urgent care centers, and other types of health care providers.

You may choose from a list of providers within 30 miles of your home or work address.

## How to access care

Your PCP will arrange most of your care. If you need specialist care, surgery or hospital services your PCP will arrange this for you within their PPG. With your HMO plan, you must contact your PCP before you receive treatment from a specialist except for emergencies and the following services:

### **Obstetrical and gynecological (OB/GYN) services.**

You don't need a referral to see an OB/GYN in the PPG. Just make your appointment.

**Chiropractic care** from a chiropractor from within the American Specialty Health (ASH) Network. For the most current listing of ASH Network chiropractors, call the ASH Member Services Department at **800-678-9133**.

**Behavioral health or substance use disorder treatment.** Call the Mental Health Benefits and Appointments number on the back of your Member ID Card.

## Medical continuity of care

When you switch health plans during Open Enrollment, you don't want your care put on hold.

The Continuity of Care program (COC) is there to make sure certain treatments you may be receiving stays on track. Here is a list of services COC is available for:

- Acute condition (e.g., sudden GI bleed, broken bone)
- Serious chronic condition
- Pregnancy and immediate postpartum
- Care of newborns
- Terminal illness
- Surgery and surgical follow-up care

Contact Health Net's COC program at **800-654-9821** before you enroll, so we know how to help you.

## Your Health Net Member ID card

You will receive your Health Net member ID card after you enroll. Keep it with you because you will need to show it each time you access medical care. When you receive your Member ID card, make sure the PCP of your choice is correct. If the doctor listed is not correct, call Member Services at **800-654-9821**.

# Your Summary of Benefits (SBC) and Evidence of Coverage (EOC)

## FIND PLAN INFORMATION FAST

*These are two very important documents that help you understand your health coverage.*

**Summary of Benefits and Coverage (SBC):** Provides a snapshot of what your health insurance plan covers, and the costs associated with it.

**Evidence of Coverage (EOC):** Offers a detailed, comprehensive explanation of your plan's coverage, rules, and member rights. It's the full legal contract between you and Health Net. Having access to your SBC and EOC ensures you are well-informed about your health insurance coverage and can make the most of your benefits.

The example below shows details of an SBC.

Summary of Benefits and Coverage: What this Plan Covers & What You Pay for Covered Services Health Net of CA: Full Network HMO MFM		
		Coverage Period: 01/01/2025-12/31/2025 Coverage for: All Covered Members   Plan Type: HMO
 The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit <a href="http://www.healthnet.com/laUSD">www.healthnet.com/laUSD</a> or call 1-800-654-9821. For general definitions of common terms, such as <u>allowed amount</u> , <u>balance billing</u> , <u>coinsurance</u> , <u>copayment</u> , <u>deductible</u> , <u>provider</u> , or other <u>underlined</u> terms see the Glossary. You can view the Glossary at <a href="https://www.healthcare.gov/sbc-glossary/">https://www.healthcare.gov/sbc-glossary/</a> or <a href="http://www.healthnet.com/laUSD">www.healthnet.com/laUSD</a> or you can call 1-800-654-9821 to request a copy.		
Important Questions	Answers	Why This Matters
What is the overall deductible?	\$0.	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	There is no deductible.	There is no deductible.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Medical limit: \$1,500 member/\$3,000 family per calendar year.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, prescription drug costs and healthcare this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. For a list of preferred providers, see <a href="http://www.healthnet.com/laUSD">www.healthnet.com/laUSD</a> or call 1-800-654-9821.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes. Requires written prior authorization.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

### Find a Provider

#### Need a doctor, specialist, or hospital?

Find a Provider gives you the most up-to-date list of in-network doctors, hospitals, urgent care centers, and other healthcare providers.

Choose **HMO - Full Network Large Group (LAUSD members only)** from the drop down menu on the **Find a Provider** tool.

<sup>1</sup>The program does not apply to Medicare Advantage retirees.

<sup>2</sup>You may receive services on an in-person basis or via telehealth, if available, from your primary care provider, a treating specialist or from another contracting individual health professional, contracting clinic, or contracting health facility consistent with the service and existing timeliness and geographic access standards required under California law. Any cost share for services received through Teladoc Health will accrue toward your out-of-pocket maximum and deductible (if your plan has a deductible). By scheduling through Teladoc Health, you consent to receive services via telehealth through Teladoc Health. See your health plan coverage document for coverage information and for the definition of telehealth services. You have a right to access your medical records for services received through Teladoc Health. Unless you choose otherwise, any services provided through Teladoc Health shall be shared with your primary care provider.

# Pharmacy

[Return to Full Toolkit](#)

# Explore Your Pharmacy Benefit

We want to make your move to Health Net easy and hassle free. Here is what you need to know about your pharmacy benefit, along with some tips to help make the change easy for you!

## Pharmacy benefit copayment overview

With the 3 Tier pharmacy plan, each higher tier allows access to a broader range of prescription drugs, at a corresponding higher co-payment.

## Think ahead for medication refills

Make sure you obtain medication refills from your current health coverage to avoid running out of medication while switching health plans! You should do this one week before you run out of medication.

Once your new health coverage begins with Health Net, make sure you present your new Member ID card to your pharmacy and let them know you have changed health coverage. Sharing this information allows your pharmacy to send the prescription claim(s) to Health Net instead of your previous health plan.

## Your three-tier HMO Pharmacy benefits (active employees and early retirees)

Benefit	Tier 1	Tier 2	Tier 3
	<b>Generic drugs on the Health Net Drug List</b>	<b>Brand-name drugs on the Health Net Drug List</b>	<b>Drugs with a generic equivalent</b> (when Medically Necessary), drugs listed as Tier 3 in the Formulary, drugs indicated as “NF”, if approved, or drugs not listed in the Formulary
<b>Retail pharmacy (up to a 30-day supply)</b>	\$5	\$25	\$45
<b>Mail order pharmacy (up to a 90-day supply)</b>	\$10	\$50	\$90
<b>CVS Pharmacy (up to a 90-day supply)</b>	\$10	\$50	\$90
<b>Mandatory program for maintenance medications</b>	After your third fill, you are required to use mail order or a CVS Pharmacy retail store for a 90-day supply.		
<b>Generic substitutions</b>	If you request a brand-name drug (formulary or non-formulary) when a generic version is offered, you will have to pay the full cost of the medication. To avoid paying full cost, please have your doctor obtain prior authorization from Health Net.		

**Note:** This overview provides highlights of benefit information about the LAUSD Health Net HMO Plan. This is only a summary of benefits. Please refer to the *Evidence of Coverage* for terms and conditions of coverage, including which services are limited or excluded from coverage.

### Advantages of mail order pharmacy:

- Enjoy convenient home delivery.
- Receive medication in confidential, tamper-resistant and (if necessary) temperature-controlled packaging.
- Talk to a pharmacist by phone.

### Advantages of your local CVS Pharmacy:

- Pick up your long-term medication from the pharmacy at a time that is convenient for you.
- Enjoy same-day prescription pick up.
- Talk face-to-face with a pharmacist.

## Prescription Transition of Care program

New members can also transition select maintenance medications – medicine you take every day to treat a chronic or long-term condition – to your new Health Net pharmacy coverage by these simple steps:

### ***Need Prior Authorization for a Medication?***

Take action within 90 days of enrolling with Health Net.

#### ✓ **Step 1:** Get the Prescription Transition Form

- Download the form at: [healthnet.com/lausd](https://healthnet.com/lausd)  
Go to: *Enrollment > Continuity of Care*
- Or call Member Services (number on your Health Net ID card)

#### ✓ **Step 2:** Fill out the form

- One form per family member
- Make sure each medication that needs prior authorization is listed

#### ✓ **Step 3:** If a medication isn't listed

- Your doctor must contact Health Net directly to request prior authorization

#### ✓ **Step 4:** Submit the form within 90 days

- Fax or mail it using the contact info on the form
- Once submitted: Health Net will process approvals so your prescriptions are covered under your new plan.

If a drug isn't listed or covered, your pharmacy may contact your doctor to suggest an alternative or request coverage from Health Net.

## Health Net preferred blood glucose testing supplies

Use the Health Net preferred brands of blood glucose monitors and test strips to ensure coverage for your diabetic testing supplies. For a list of preferred brands, refer to the drug list on the Pharmacy page of [healthnet.com/lausd](https://healthnet.com/lausd). Health Net will provide one of our preferred monitors at no charge. This will help to ensure you have the most up-to-date monitoring equipment.

## Maintenance Choice Pharmacy program

Our Maintenance Choice Pharmacy programs makes it easy to fill your maintenance medication prescription. A maintenance medication is one taken regularly for long-term therapy or chronic conditions such as high blood pressure, asthma, diabetes, or high cholesterol.

Here's how it works:

Keep in mind, this program only applies to filling maintenance medications.

You can still fill 30-day non-maintenance medication prescriptions at any Health Net contracted pharmacy.<sup>2</sup>

After your  
**3<sup>rd</sup> fill**

of a 30-day supply of maintenance medication on the Health Net Maintenance Drug List at a network retail pharmacy,

**you are required to obtain future refills (90-day supply)**

using either the CVS Caremark Mail Order Pharmacy or your local CVS Pharmacy retail location. The choice is up to you. The copayment is the same either way.

### *Requesting your refill*

If you already use CVS Caremark mail order pharmacy and want to continue, there's nothing else you need to do. If you'd like to switch to your local CVS Pharmacy, you can do so in person at the store. You can also call CVS Caremark Mail Order Pharmacy at **888-624-1139**.

### *If you use a retail pharmacy*

CVS Caremark will contact you after your last allowed 30-day fill. CVS Caremark will contact your doctor to help you get a 90-day prescription and arrange for your next refill. You can get your refill via the CVS Caremark Mail Order Pharmacy or pick it up at a local CVS Pharmacy.

**Important note:** There are specific limitations to use of GLP-1s depending on weight and the presence of related medical conditions like diabetes or heart disease.

## GLP-1 medications

GLP-1 medications help with weight loss. They can help you:

- Feel full longer
- Curb your feelings of hunger and cravings

GLP-1 medications work best when combined with healthy eating and exercise. Doctors may suggest this medication **depending on your weight and** if you have Type 2 diabetes **or heart disease**. Or if you find it hard to lose weight despite trying healthy lifestyle changes.

**To start or stay on the medication you must be active in a weight loss program that includes behavior change, a reduced calorie diet, and increased physical activity.**

### *Types of weight loss (GLP-1) medications*

These medications are available in both oral and injected forms:

- **Medications injected for weight loss:**
  - Wegovy
  - Zepbound
  - Saxenda
- **Medications injected for Type 2 diabetes:**
  - Ozempic
  - Mounjaro
  - Victoza
  - Trulicity
- **Oral option for Type 2 Diabetes:**
  - Rybelsus: A pill form of GLP-1

**Return to Full Toolkit**

**Tip:** Always inform your doctor if you feel unwell or notice strange symptoms

### ***How doses are increased***

Doctors increase GLP-1 medication doses a little at a time to help your body adjust and avoid side effects. You will:

1. Start with a low dose
2. Increase the dose a little every few weeks
3. Reach the full dose if you can handle it

### ***Potential side effects***

- Common side effects include:
  - Nausea
  - Vomiting
  - Diarrhea
  - Constipation
  - Stomach pain
- Rare but serious problems include:
  - **Pancreatitis:** Pain or swelling in the pancreas.
  - **Gallstones:** Pain in your side or back.
  - **Kidney issues:** Can worsen if you're parched.
  - **Low blood sugar:** Can happen if used with diabetes medications.
  - **Gastroparesis:** Slows how your stomach empties.
  - **Thyroid issues:** Avoid if you or your family have a history of thyroid cancer or a condition called multiple endocrine neoplasia type 2 (MEN 2.)
  - **Surgery issues:** Inform your doctor if you have planned surgeries or procedures.

**Return to Full Toolkit**

## Weight loss (GLP-1) medications and birth control

GLP-1 medications can slow how your stomach empties which might reduce the strength of oral birth control pills.

- Use backup methods like condoms for at least four weeks after you start or increase your dose.
- Think about using non-oral birth control options like patches or IUDs.

## Tips for long-term success

Whether you use medications or not, healthy habits are key to keeping the weight off:

- **Eat balanced meals:** Add colorful veggies, lean proteins, and healthy fats.
- **Stay active:** Aim for 30 minutes of movement most days.
- **Sleep well:** Sleep helps control hunger and keeps energy levels high.
- **Manage stress:** Stress can lead to overeating. Try deep breathing or yoga.

## Truth about GLP-1 medication myths

- **Myth:** “These are magic pills!”
  - **Truth:** They help, but you still need healthy eating and exercise.
- **Myth:** “The weight stays off forever!”
  - **Truth:** Weight can return if you stop taking them. Healthy habits are key.
- **Myth:** “We know all the answers.”
  - **Truth:** GLP-1 medications are new, and their long-term results are still being studied.

## Stay informed and supported

If you want to try GLP-1 medications, talk to your doctor or pharmacist. They can explain how the medications work, their benefits, and possible risks. Don’t forget, lasting weight loss starts with a strong foundation of healthy habits. **And most of all, you don’t have to do it alone!**

## Doula support is available before, during, and after childbirth

### Health Net Doula Support—At No Cost to You

Health Net is here to support you throughout pregnancy, labor, delivery, and postpartum. This includes members who have suffered a stillbirth, miscarriage or abortion. These services are free for pregnant members.

### What is a doula?

A doula is someone trained to provide support during pregnancy, childbirth and postpartum. Their personal care can often help to improve health outcomes for parents and babies.

### Choose the doula program that fits your needs

- 1 Individual Doula Program** – Work with a doula in-person or online during pregnancy, labor, and postpartum.

You can find a doula using *Find a Provider*. Select *Medical Facilities*, then *Clinic or Urgent Care*, then use the drop down menu to *Select Specialty: Doula*

- 2 Mahmee with Wrap Around Services** – Access online and in-person Doula support via the Mahmee app, available 7 days a week. Contact Mahmee for more information about in-person services.

This program also includes:

- Maternity services from nurses
- Mental health coaches
- Nutritionists, and more

#### Contact Mahmee at:

[www.mahmee.com](http://www.mahmee.com)

Phone: 1-818-431-1118

Monday through Friday 6 a.m. to 8 p.m. Pacific time (PT).

Saturday and Sunday from 8 a.m. to 6 p.m. PT.

For more information, please visit our website or call the Member Services number on your Health Net Member ID card.

### Important:

- You may enroll in either the Mahmee with wrap-around services or the Individual Doula Program, but **not both**.
- Doulas **do not replace** medical providers or offer medical advice.
