Health Net believes every person deserves quality healthcare at any and every stage in life.

For over 45 years, we've helped our members get the information and support they need to access quality care and live healthier lives. Whether you're new to Health Net or returning, this guide will help you make smart, informed healthcare choices.

Learn How an HMO Plan Works

Choose a doctor, access care, use your Member ID card, and more

How to choose your doctor

When you enroll in the Health Net HMO plan:

- 1. Choose a participating physician group (PPG) from our network in select areas across California.**
- 2. Choose a primary care physician (PCP) from within that group.**
- 3. Each member of your family can choose their own PCP and/or PPG to suit their needs.**

You may change your PCP within your PPG as often as once a month. To change your PCP and/or PPG, call Health Net Member Services at **800-654-9821**.

Find a Provider

With Find a Provider, you can find the most up to date listings of doctors, hospitals, urgent care centers, and other types of health care providers.

You may choose from a list of providers within 30 miles of your home or work address.

- The LAUSD plan offered to you by Health Net does not have a deductible. This means that the copayment amount your plan shows for a covered benefit is the amount you will pay.
- No paperwork or claim forms.
- Fixed copayments for office visits, prenatal, postnatal and newborn care.
- Preventive care and health education.

How to access care

Your PCP will arrange most of your care. If you need specialist care, surgery or hospital services your PCP will arrange this for you within their PPG. With your HMO plan, you must contact your PCP before you receive treatment from a specialist except for emergencies and the following services:

Obstetrical and gynecological (OB/GYN) services.

You don't need a referral to see an OB/GYN in the PPG. Just make your appointment.

Chiropractic care from a chiropractor from within the American Specialty Health (ASH) Network. For the most current listing of ASH Network chiropractors, call the ASH Member Services Department at **800-678-9133**.

Behavioral health or substance use disorder treatment. Call the Mental Health Benefits and Appointments number on the back of your Member ID Card.

Medical continuity of care

When you switch health plans during Open Enrollment, you don't want your care put on hold.

The Continuity of Care program (COC) is there to make sure certain treatments you may be receiving stays on track. Here is a list of services COC is available for:

- Acute condition (e.g., sudden GI bleed, broken bone)
- Serious chronic condition
- Pregnancy and immediate postpartum
- Care of newborns
- Terminal illness
- Surgery and surgical follow-up care

Contact Health Net's COC program at **800-654-9821** before you enroll, so we know how to help you.

Your Health Net Member ID card

You will receive your Health Net member ID card after you enroll. Keep it with you because you will need to show it each time you access medical care. When you receive your Member ID card, make sure the PCP of your choice is correct. If the doctor listed is not correct, call Member Services at **800-654-9821**.

Explore Your Pharmacy Benefit

Find your medications at healthnet.com/lausd by checking the drug list.

We want to make your move to Health Net easy and hassle free. Here is what you need to know about your pharmacy benefit, along with some tips to help make the change easy for you!

Pharmacy benefit copayment overview

With the 3 Tier pharmacy plan, each higher tier allows access to a broader range of prescription drugs, at a corresponding higher co-payment.

Think ahead for medication refills

Make sure you obtain medication refills from your current health coverage to avoid running out of medication while switching health plans! You should do this one week before you run out of medication.

Once your new health coverage begins with Health Net, make sure you present your new Member ID card to your pharmacy and let them know you have changed health coverage. Sharing this information allows your pharmacy to send the prescription claim(s) to Health Net instead of your previous health plan.

Your three-tier HMO Pharmacy benefits (active employees and early retirees)

Benefit	Tier 1	Tier 2	Tier 3
	Generic drugs on the Health Net Drug List	Brand-name drugs on the Health Net Drug List	Drugs with a generic equivalent (when Medically Necessary), drugs listed as Tier 3 in the Formulary, drugs indicated as “NF”, if approved, or drugs not listed in the Formulary

Mandatory program for maintenance medications	After your third fill, you are required to use mail order or a CVS Pharmacy retail store for a 90-day supply.		
Generic substitutions	If you request a brand-name drug (formulary or non-formulary) when a generic version is offered, you will have to pay the full cost of the medication. To avoid paying full cost, please have your doctor obtain prior authorization from Health Net.		

Note: This overview provides highlights of benefit information about the LAUSD Health Net HMO Plan. This is only a summary of benefits. Please refer to the *Evidence of Coverage* for terms and conditions of coverage, including which services are limited or excluded from coverage.

For a list of preferred brands, refer to the drug list on the Pharmacy page of **healthnet.com/lausd**. Health Net will provide one of our preferred monitors at no charge. This will help to ensure you have the most up-to-date monitoring equipment.

Maintenance Choice Pharmacy program

Our Maintenance Choice Pharmacy programs makes it easy to fill your maintenance medication prescription. A maintenance medication is one taken regularly for long-term therapy or chronic conditions such as high blood pressure, asthma, diabetes, or high cholesterol.

Here's how it works:

Keep in mind, this program only applies to filling maintenance medications. You can still fill 30-day non-maintenance medication prescriptions at any Health Net contracted pharmacy.²

After your
3rd fill

of a 30-day supply of maintenance medication on the Health Net Maintenance Drug List at a network retail pharmacy,

you are required to obtain future refills (90-day supply)

using either the CVS Caremark Mail Order Pharmacy or your local CVS Pharmacy retail location. The choice is up to you. The copayment is the same either way.

Requesting your refill

If you already use CVS Caremark mail order pharmacy and want to continue, there's nothing else you need to do. If you'd like to switch to your local CVS Pharmacy, you can do so in person at the store. You can also call CVS Caremark Mail Order Pharmacy at **888-624-1139**.

If you use a retail pharmacy

CVS Caremark will contact you after your last allowed 30-day fill. CVS Caremark will contact your doctor to help you get a 90-day prescription and arrange for your next refill. You can get your refill via the CVS Caremark Mail Order Pharmacy or pick it up at a local CVS Pharmacy.
